Hi,

[REDACTED] is currently at Lawrence Memorial Hospital due to another infection. She was admitted to the hospital on Saturday and is scheduled to be released on Tuesday. She will be out on Monday and Tuesday on Sick time (not sure what time for the rest of the week).

I spoke with her on Sunday and she sounds good. They caught the infection before it hit the bloodstream. I will take care of packing her stuff and move it out of the lab.

I will keep you posted.

Thanks

Annie
